

OLABISI ONABANJO UNIVERSITY
AGO-IWOYE, OGUN STATE, NIGERIA

FORMAT B
CURRICULUM VITAE AND ANNUAL APPRAISAL SHEET OF ACADEMIC STAFF
FOR FULL APPRAISAL, 2025

PART 1

A. PERSONAL DATA:

- 1. Name:** OMONIYI, Sunday Samuel
- 2. Department:** Architecture
- 3. College/Faculty:** College of Engineering and
Environmental Studies/
Environmental Studies
- 4. University Web Domain E-mail:** omoniysisam@oouagoiwoye.edu.ng
- 5. Date and Place of Birth:** October 1, 1963/Are-Ekiti, Ekiti State.
- 6. Nationality:** Nigerian
- 7. Marital Status:** Married
- 8. No. of Children/Age:** Five (5); 39, 27, 24, 17, 13
- 9. Name and Address of Spouse:** Mrs Janet O. Omoniyi (Late)
38, Agunfoye Road, off Ijebu-Ode
Road, Adamo Ikorodu, Lagos State
- 10. Name and Address of Next of Kin:** Mr. Omoniyi, Samuel Oluwatobiloba
38, Agunfoye Road off Ijebu-Ode Road
Adamu Ikorodu, Lagos State
- 11. Date of 1st Appointment with the University:** November 16, 2005
- 12. Status of 1st Appointment and Salary:** Lecturer II, (UASS 3 Step 1)
- 13. Present Position and Salary:** Reader, (UASS 6 Step 3)
- 14. Date of Last Promotion/Regrading:** October 1, 2022
- 15. Date of Confirmation of Appointment:** November 20, 2008
- 16. If not confirmed:** N/A
- 17. Period of Present Contract:** N/A
- 18. Total Number of Years of Teaching and Research:**
 - a. Polytechnic/College of Education** N/A
 - b. University:** 20 years

B. EDUCATIONAL BACKGROUND

1. Academic Qualifications/Institutions Attended (With Dates):

- | | | |
|------|--|----------------|
| i. | B. Sc. Honours Architecture | December, 1992 |
| | Edo State University, Ekpoma, Nigeria | |
| ii. | M. Sc. Architecture | May, 1995 |
| | Edo State University, Ekpoma, Nigeria | |
| iii. | M. Sc. Construction Management | March, 2002 |
| | University of Lagos, Lagos, Nigeria | |
| iv. | M. Phil. Architecture | October, 2013 |
| | Obafemi Awolowo University, Ile-Ife, Nigeria | |
| v. | PhD. Architecture | February, 2018 |
| | Obafemi Awolowo University, Ile-Ife, Nigeria | |

2. Current Higher Degree Programme Registered for (if any):

Nil

3. Awards and Distinction:

- | | | |
|-----|---|------|
| i. | Student Architects Association (SAA) Award for Best Lecturer of the Year,
Department of Architecture, OOU, CEES, Ibogun Campus | 2014 |
| ii. | Best Diploma Student (Architecture) Ondo State Polytechnic, Owo | 1988 |

C. WORK EXPERIENCE

1. Previous Work Experience outside the University System:

- | | | |
|-----|---|-----------|
| i. | Senior Architect @ Toni Okonkwo Practice- Architects, Bode Thomas
Surulere Lagos | 1995-1997 |
| ii. | Research Officer1/Project Architect with Nigerian Buildings and Roads
Research Institute, Federal Ministry of Science & Technology, 15
Awolowo Road Ikoyi Lagos | 1997-2005 |

2. Previous Work Experience in other Universities:

Nil

3. Details of Professional Experience at Olabisi Onabanjo University:

i. Teaching Functions

a. Courses Taught/Co-Taught During 2024/2025 Academic Session

Harmattan Semester

S/N	Course Code	Course Title	Units	Status
1	ARC301	Design Studio III	4	C
2	ARC 311	Building Services, I (Water & Drainages)	2	C
3	ARC 313	Environmental Climatology I	2	C
4	ARC 411	Building Services III: Lighting and Acoustics	2	C
5	ARC 511	Building Services IV AC/Transportation	2	C
	TOTAL		12	

Rain Semester

S/N	Course Code	Course Title	Units	Status
1	ARC 302	Design Studio IV	4	C
2	ARC 312	Building Services II (Power)	2	C
3	ARC 314	Environmental Climatology II	2	C
4	ARC 512	Introduction to Construction Management	2	C
5	ARC 502	Supervision of Final Year Project	6	C
6	ARC 906	Advance Research Method II	3	C
7	ARC 964	Advance Building Climatology	3	C
	TOTAL		21	

b. Courses Taught/Co-Taught During 2023/2024 Academic Session

Harmattan Semester

S/N	Course Code	Course Title	Units	Status
1	ARC 301	Design Studio III	4	C
2	ARC 311	Building Services, I (Water & Drainages)	2	C
3	ARC 313	Environmental Climatology I	2	C
4	ARC 511	Building Services IV AC/Transportation	2	C
	TOTAL		10	

Rain Semester

S/N	Course Code	Course Title	Units	Status
1	ARC 302	Design Studio IV	4	C
2	ARC 312	Building Services II (Power)	2	C
3	ARC 314	Environmental Climatology II	2	C
4	ARC 512	Introduction to Construction Management	2	C
5	ARC 502	Supervision of Final Year Project	6	C
	TOTAL		16	

c. Courses Taught/Co-Taught During 2022/2023 Academic Session

Harmattan Semester

S/N	Course Code	Course Title	Units	Status
1	ARC 301	Design Studio III	4	C
2	ARC 311	Building Services, I (Water & Drainages)	2	C
3	ARC 313	Environmental Climatology I	2	C
4	ARC 411	Building Services III: Lighting and Acoustics	2	C
5	ARC 511	Building Services IV AC/Transportation	2	C
	TOTAL		12	

Rain Semester

S/N	Course Code	Course Title	Units	Status
1	ARC 302	Design Studio IV	4	C
2	ARC 312	Building Services II (Power)	2	C
3	ARC 314	Environmental Climatology II	2	C
4	ARC 512	Introduction to Construction Management	2	C
5	ARC 502	Supervision of Final Year Project	6	C
	TOTAL		16	

ii. Research (Completed/On-going)

Completed Researches

- a. Evaluation of Housing Quality in the Traditional Core Areas of some Selected Cities in South western part of Nigeria. The study observed and evaluated the present qualities of all the building materials used for construction in the cities core, the construction methods and levels of their maintenance. It recommends proper maintenance of old buildings to preserve our cultural heritage and contemporary architectural edifice. The output from this research was listed as part of the published journal articles. This was 100% concluded and purpose achieved.
- b. Exploration of Earth Construction Materials as Alternative to Modern Construction Materials for producing Mass Housing for Low Income group in Nigeria. The study explored scientific methods of acquisition of local building materials as alternative to modern construction materials. It recommends the use of locally source indigenous building materials for mass housing for low income group in the country. The output from this research was listed as part of the published journal articles. This was 100% concluded and purpose achieved.

Ongoing researches

- a Effects of Housing and Neighbourhood Conditions on Residents' Preference. This study intend to explore how housing and neighborhoods conditions affects residents preference. Understanding the effects of this on resident's preference can inform urban planning, housing development, and policy decisions (85%).

iii. [A] Administrative Functions:

Chairman Quality Assurance Committee: Department of Architecture Aug. 2022 to July 2025

Postgraduate Co-ordinator: Department of Architecture 2024-2025

Member Appraisal Review Committee: Department of Architecture 2019-2025

Level/Part Advisers: Department of Architecture	2005-2025
Member, Post-graduate Curriculum Review Committee.	Aug. 2022 to July 2025
Member, Departmental Curriculum Committee	Aug. 2022 to July 2025
Member, Departmental Research and Collaboration Committee	Aug. 2022 to July 2025
Member, Departmental Linkage and Partnership Committee	Aug. 2022 to July 2025
Member, Faculty Linkage and Partnership Committee	Aug. 2022 to July 2025
Member, Guidance and Counselling Committee	Aug. 2022 to July 2025
Member, Student Industrial Work Experience Committee	Aug. 2022 to July 2025
Chairman, Post-graduate NUC Resource Verification Preparation Committee	2024
Head of Department: Architecture	August 2021–July 2022
Head of Department: Architecture	August 2020–July 2021
Head of Department: Proposed Building Programme	August 2018–July 2019
Member: University Disciplinary Committee	August 2015–July 2018
Head of Department: Architecture	August 2014–July 2015
Head of Department: Design and Architecture	August 2013–July 2014
Sub-Dean: College of Engineering and Environmental Studies	August 2007–July 2009
Department of Architecture Academics Staff Secretary	2006-2007
SIWES Coordinator: Department of Architecture	2006-2007

iii [B] Contributions to the University:

a. Chairman Students Disciplinary Committee: Aiyetoro Campus	2024-2025
b. Member: Linkages and Partnership	2025
c. Member: Departmental Board of Examiners	2005-2025
d. Member: Faculty Board of Examiners	2006-2025
e. Member: College Board of Examiners	2006-2025
f. Chairman: Committee on Accreditation Matters for Architecture Dept.	2021-2022
g. Member: Committee on Accreditation for Proposed Building, QS and Estate Department: Faculty of Environmental Studies	2018-2019
h. Member: Editorial Board, Journal of Engineering and Environmental Studies, Olabisi Onabanjo University	2007
i. Member: College Committee on Accreditation Matters	2007-2025
j. Member: College Board of Examiners	2007-2025
k. Member: Committee on movement of 100 Level Students from Ago-Iwoye to Ibogun campus	2006

iv Contribution to the Nation:

Member of the (Team viii) Implementation Monitoring Committee (IMC) on the Needs Assessment Intervention Fund in Nigerian Public Universities, set up by Federal Government to monitor the 2013 Phases I and II projects and programmes.

D. MEMBERSHIP OF AND REGISTRATION WITH PROFESSIONAL BODIES

- i. Registered Member; Nigerian Institute of Architects (**MNIA**): M/1856 1999
- ii. Registered Member; Architects Registration Council of Nigeria (**ARCON**): F/1747 2000

x. Bibliographies, indexes and abstract (for Library Academic Staff). Nil

xi. Unpublished Conferences/Workshops Papers and Public Lectures

- i. Pure Design Seminar. A Multidisciplinary design + Visual Communication seminar, Abeokuta, 10/05/2012.
- ii. Seminar on Safety and Security Awareness. Area 'N' 2014 seminar at Ijede Ikorodu, 19th June, 2014.
- iii. Environmental Design and Management International Conference (EDMP), OAU, Ile-Ife, 9th-12th, 2015.

F. CONFERENCES ATTENDED WITH DATES AND PAPERS READ

- i. International Research and Development Institute Research and Development Network held on 5-8 May, 2009 at the Conference Centre, University of Lagos.
- ii. International Conference on Research and Development at Salle Audio Visuelle Universite National du Benin Abomey-Calavi, Cotonou, Republic of Benin. November 24-27, 2009
- iii. Sustainable Solutions in structural Engineering and Construction-The Second Australasia and South-East Asia Structural Engineering and Construction Conference (ASEA-SEC 2), Kasetsart University Bangkok, Thailand. November 3rd – 7th 2014
Paper Read: Aluko, O. R. and **Omoniyi, S. S.** (2014) Client satisfaction arising from the professional services of Architects in building projects in Nigeria.
- iv. International Conference on Architecture and Urbanism (ICAU), Unilag, 9th-10th, May, 2019.

G. CONTRIBUTIONS TO NATIONAL AND INTERNATIONAL LIFE

a. Within the University:

- i. Imparting creative and sustainable design training in architecture, architectural services and construction knowledge unto students, in theory and practice.

b. Outside the University:

- i. Member of the (Team viii) Implementation Monitoring Committee (IMC) on the Needs Assessment Intervention Fund in Nigerian Public Universities, set up by Federal Government to monitor the 2013 Phases I and II projects and programmes.
- ii. Offering practical architectural knowledge, demonstration of construction methods and housing sustainability unto young adults in the building industry and to students on industrial attachment (2015).
- iii. Member of the Police Community Relation Committee (PCRC), Ikorodu North Local government Area, Lagos state. (2012-Date).

- iv. Vice Chairman Ileri Oluwa Community Development Association (CDA), Adamo Ikorodu North Local Government (2010-2013).
- v. Vice Chairman Ogo Oluwa Community Development Association (CDA), Adamo Ikorodu North Local Government (2019- Date).

CONTRIBUTIONS OF PUBLICATIONS TO KNOWLEDGE

My research focus and contributions to knowledge are primarily in the area of indigenous housing sustainability of Nigerian people. It discusses history of traditional architecture, culture, forms, pattern, ancient technology and socio-cultural attainment of people in the past to the present. I use my knowledge to appraise the indigenous motifs of buildings material, forms, pattern and durability as subject of assessment. Recognising that despite formal architectural training in the use of modern and foreign methods of construction techniques, styles, materials, Nigerian architects are always inspired by indigenous and socio-cultural lifestyle of their people and immediate environment in resolving housing issue.

My initial interest in the concept of indigenous buildings was informed by the choice of architects using indigenous lifestyles in their design and construction. My works identifies relationship between architecture and culture of the people as the basis for technology growth in the society. It traces the development of technology and inventions to traditional architecture and indigenous construction methods and buildings developed during Stone Age, contemporary time and skyscrapers. In respect to this, my First- and Second-degree thesis projects explored the appreciation of traditional building using Ado-Ekiti Oba's palace as a case study and Idanre hill tourist centre using natural features to achieve conducive tourist environs, where I used notable and seasoned architectural edifice through ages in Nigeria and abroad as my case study.

Currently, my works take cognisance of the vulnerability of most Nigerian traditional housing and indigenous life-style going towards extinction. This idea gave birth to the concept of my PhD thesis where I embarked on research in evaluation of housing quality in the traditional core area of Ado-Ekiti, Nigerian. The research identifies housing quality as a key determinant of a person's quality of life, which in turn is used to evaluate the general well-being of such individual in the society. It investigates housing quality in terms of the quality of design,

building materials, standard of construction, its immediate surrounding including infrastructure and facilities. The research observes challenges in the residents' socio-economic characteristics, dwellings' physical characteristics, neighbourhood factors, provisions and maintenance of the existing social amenities impacted on the housing quality in the area of study. The research recommended that government should invest more in improving the overall traditional core area of city, as this will lead to improved lives, and the overall quality and experience of its inhabitants. The study also recommend that buildings owners should be trained in making use of available rural resources in conjunction with modern facilities in maintaining and building quality houses in Nigeria and in the study area in particular.

I have also collaborated with colleagues in other sections of architecture, as well as other fields of study to carry out researches. These collaborations have resulted into publications in the area like structure, geology, ceramics, architecture, graphic, construction management, building, estate management, urban planning and housing sustainability. Finally, my research is making clear statement on the need to preserve traditional and modern buildings for future reference. My works recommend the use of quality and durable building materials for construction of sustainable building because all contemporary buildings will certainly become antiquity in the space of hundred years and above, if they are properly preserved.

Dr. OMONIYI, Sunday Samuel
